

# Guided Drug List

## Medication Alternatives

The Guided Drug List is a list of prescription medications approved by the U.S. Food and Drug Administration (FDA). We've reviewed these drugs through our Pharmacy and Therapeutics (P&T) Process, which considers a drug's:

- Effectiveness
- Safety
- Similarity to other drugs within a therapeutic class
- Affordability

The Guided Drug List is an open drug list or formulary, with some closed drug classes. The list includes a broad range of drug choices. If a medication is not on the list, there are other high-quality, cost-effective choices, called preferred alternatives, that are.

Medications not included on the Guided Drug List are shown on the chart included here, along with their preferred alternatives that are on the list. Please note, exclusions and limitations may apply. For details about what's covered and what's not, it's best to check the Certificate/Evidence of Coverage or Summary Plan Description.

To view and search the complete Guided Drug List, members should log in at [carelonrx.com](https://carelonrx.com) and choose Prescription Benefits. Information on dosage/strength options and any restrictions such as quantity limits, prior authorization or step therapy requirements is available.

Members can also call Pharmacy Member Services at the number on their member ID card or visit [carelonrx.com](https://carelonrx.com).

### **What if a medication isn't on the Guided Drug List?**

There may be times when a member's drug isn't on the Guided Drug List. If the covered alternative options are not right for the member, doctors can submit a request for an exception. This process called prior authorization, also known as a preapproval requires doctors to call the Member Services number on the member's ID card or log in at [carelonrx.com](https://carelonrx.com) and choose Tools & Resources to download and submit the prior authorization form. Doctors can also submit preapproval electronically, which requires less processing time and possible real-time approval so members can fill their prescriptions without delay.

## Legend

**PA = Prior Authorization.** Some drugs need to be reviewed and approved before they're covered by your plan. This process is called prior authorization. It looks at drugs that may have harmful side effects, the potential for incorrect use or abuse, options that work better and cost less, and/or guidelines for use with certain conditions.

**QL = Quantity Limits.** Taking too much medicine or using it too often is dangerous and costly. That's why this program may limit how much of your medicine you can get each month. For example, a drug may have a limit of 30 pills for 30 days.

**ST = Step Therapy.** Step therapy means you try medicines in a step-by-step process. The program may require you to start with one medicine before another can be approved.

**DO = Dose Optimization.** This program may change the dosage of your medicine to make it more effective. For example, you may have to start taking a higher dosage once a day rather than a lower one twice a day.

#### **It's important we treat you fairly**

That's why we follow federal civil rights laws in our health programs and activities. We don't discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people with disabilities, we offer free aids and services. For people whose primary language isn't English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Call the Member Services number on your ID card for help (TTY/TDD: 711). If you think we failed to offer these services or discriminated based on race, color, national origin, age, disability, or sex, you can file a complaint, also known as a grievance. You can file a complaint with our Compliance Coordinator in writing to Compliance Coordinator, P.O. Box 27401, Mail Drop VA2002-N160, Richmond, VA 23279. Or you can file a complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at 200 Independence Avenue, SW; Room 509F, HHH Building; Washington, D.C. 20201 or by calling 1-800-368-1019 (TDD: 1-800-537-7697) or online at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>. Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
